STRANGER KILLED BY TRAIN

On Tuesday evening, about 7 o'clock, as a west bound C. & O. freight train was backing up to the water tank on the West Side, a strange man was knocked down and run over by the cars, cutting his body in two and severing his right arm.

There were no papers on the person of the man by which he could be identified and no one knew who he was.

Coroner Graham was notified and took charge of the remains. A jury given in accordance with the facts.

LATER—The man was afterwards identified as Mr. Fountain Farmer, of Lincoln county, by his brother-in-law, who lives near Benson Station.

NARROW ESCAPE.

As Mr. Newton Hale was crossing the river in a small boat, en route to his place of employment (the saw mill of Messrs. T. J. Congleton & Bro.), on Tuesday evening, his boat was upset by some barges in charge of the towboat Al. Martin. Mr. Wm. Stofer, one of the hands on the towboat, seeing the peril of Mr. Hale, springing into the river and assisted Mr. Hale until picked up by the boat crew.

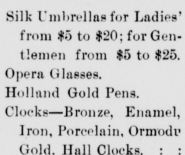

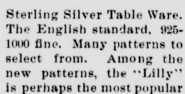

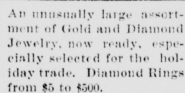

It was a narrow escape for Mr. Hale, who is a man some 50 years of age, although sturdy and strong for one of his years.

Mr. Stofer did a brave and gallant act in plunging into the icy water. Mr. Hale lives on Kentucky Avenue, just opposite the mill where he is employed as a night watchman.

VAGARIES OF A COLD.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. Do not be alarmed nor torment yourself with fears of appendicitis. At the first sign of a cramp take Perry Davis' Painkiller in warm, sweetened water and relief comes at once. There is but one Painkiller, Perry Davis'. 25 and 50 cents.

IT IS EASY TO SAY

"Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balm. Better begin when the cold is young and not wait until it settles deep into the lungs, for then, even with Allen's Lung Balm, complete relief will be slower.

SHOT BY CARELESS SOLDIER.

About 3:30 o'clock on Tuesday evening a member of one of the military companies attendant upon the inauguration carelessly discharged his gun on Broadway street, the ball taking effect in the right arm of Mr. Jas. B. Ray, law clerk to Judge W. E. Settle, penetrating to the bone. The arm was just above the elbow and plying its way for some five inches until it passed out, inflicting a very painful, though not dangerous, wound.

Dr. J. S. Demaree was called and dressed the wound. Mr. Ray was sent to the King's Daughters Hospital, where he is resting easy.

OTHER KINDERGARTEN FOR FRANKFORT.

To the citizens of Frankfort, who are interested in the betterment of our city financially, educationally and morally, who earnestly wish to see certain conditions altered which now are a detriment and disgrace, as well as a continual expense, addresses this article, trusting you will carefully consider it, with a view of lending your aid (whether it be your good-will, your personal help, or your money) for the good of Frankfort.

In the first place it is a matter of patriotism and as such should receive your earnest consideration.

In the second place it is a matter that will sooner or later be called your "self-defense."

In short, I advocate the need of another Kindergarten for the children who live on the east from our City School to attend the one there. Have you thought of the distance the children who live on the West side have to walk to attend the City School? It is impossible for children, four and six years of age, to walk that distance and if they attend the Kindergarten, it becomes necessary for the city to have a Kindergarten nearer their homes.

The old cry, "we can't afford to support another school," contradicts itself at the very outset. The Kindergarten is a direct benefit to the city educationally, financially, and morally. It has been proven in other cities, and if you consider the problem fairly, will not be before another school is established.

It may be well to briefly define the Kindergarten, for you may be one of those who consider it a nursery for children (with a new name), whose parents are relieved, for a time, of their care from their own lives, and attend to social duties. "If the Kindergarten were a public nursery, any good, kindly nurse would do all that is necessary. What scope would a well educated, cultured young woman find for her power and energy in the Kindergarten if this were all? The crèche is for the poor only; the Kindergarten for all classes of society."

The Kindergarten is that which is between the BEST home and the BEST primary school.

It is for "character, rather than information; habit, rather than precept."

Kindergarten, literally, means a garden of children, and the Kindergarten is the garden which tends each child as to its own peculiar needs.

In the Kindergarten we, through songs and stories, keep the children in an atmosphere of high ideals and in their occupations, games, and association with one another, they put these ideals into practice. To be happy—live right. To be helpful, we count a privilege; and only those who strive to be true are capable of helpfulness.

The most important age of man is from four to six years, for it is then that the principles that will govern his whole after life are imbedded. The Catholic Priest, who said, "give me the children till their seventh year and I will make Catholics of the world," realized the importance of training during that period.

Philips Brooks has said, "He who helps a child, helps humanity with a directness, with an immediateness, which no other help given to human creatures, in any other stage of their human life, can possibly give again. It is the help given at the right time that is a blessing. Ideas and habits formed at this stage of a child's life, determine the man and woman of later years. "Train up a child in the way he should go, and when he is old he will not depart from it," Froebel says. "The earliest age is the most important for education, because the beginning determines the end." In our little world, of kindergarten, co-operation, compensation and the brotherhood of man are principles we try to instill through play. Play is the child's business. It is to a man, and it is in this simple way that children are taught the great truths of life. "In the world's work each must help." This is the Kindergarten briefly. Can you doubt its power for good NOW and in after years? That these truths are emphasized in our little school by no means makes our children unhappy or gringish. The true Kindergarten is the happiest, merriest place any one could imagine. We know that "joyless children do not make good men."

That you might be more fully convinced as to the need of a Kindergarten, I have written to persons prominent in city affairs, for their views of the matter.

Lexington has Kindergartens in nearly every district of the city. M. A. Cassidy, Sup't. of Schools there, when asked if the Kindergarten was a benefit from an educational, financial and moral standpoint, says in part: "The Kindergarten, properly conducted, is not only the foundation of all school work, but it is likewise the foundation of all true character building."

Almost Unnerved Me—Heart Pains.

Short of Breath, Faint and Languid.

Dr. Miles' Heart Cure and Nervine Cured Me.

"It has been five years since I was cured of heart trouble by your Heart Cure and Nervine, and I am just as sound as a dollar in that regard today. For several years I had been suffering with my heart. Beating had become short and difficult at times, sharp pains about the heart, sometimes accompanied with fluttering, would make me feel faint and languid. The least exertion or mental worry would almost unnerve me. I felt that the trouble was growing worse all the time, and after trying many remedies prescribed by physicians without obtaining relief, I was induced to give your Heart Cure a trial. I was relieved the second day, and after taking three or four bottles all symptoms were removed and have never showed signs of returning."—Rev. Geo. W. Knicker, Chicago, Va.

There are many symptoms of heart disease, which so closely resemble those of more common ailments, and are so frequently mislead the attending physician. Often in cases of heart trouble the stomach, kidneys, liver or lungs become affected. Again the symptoms may be those of weakened nerves, as tired feeling, sleeplessness, timidity, the patient is easily excited and apt to worry without cause. If you have the least suspicion that your heart is weak study your symptoms and begin the use of Dr. Miles' Heart Cure, the great heart and blood tonic, without a day's delay.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

*** In visiting schools I have found that children who have had Kindergarten training are far apter and have a much more keen application of instruction than those who have been denied this privilege. The Kindergarten is the best character builder known to educators. It is here that the tender twigs of humanity are given shape to become the highest types of manhood and womanhood. The training which they receive in kindness to human and animal kind, in doing polite and unselfish deeds, in realizing the dignity and importance of all kinds of labor, in understanding that true nobility and worth consists in right doing and reverence, that sees divinity in the humblest phases of nature, leave impressions that are lasting and which are bound to bring forth fruit to the glory and honor of good citizenship. Any institution that tends to good citizenship prevents crime and all prevention of crime is of financial benefit. There is much more money spent in punishing crime than in preventing it, and one former is worth a thousand reformers."

What does Louisville think of Kindergarten? The most convincing argument is that they support them. They are, perhaps, the best in the State. Miss Patty S. Hill, President of the Louisville Kentucky Association, says: "Had we more right training of little children, starting them aright, at the expense of maintaining reformatories, jails and penitentiaries would be far less. We are proud of our institutions for criminals; we ought to hang our heads in shame, that in a Christian country such things are a necessity. One day there came into the Kindergarten an old man, a wreck of a man, whose face had been furrowed by sin, dissipation and suffering. He looked at the group of children, American, Jewish, Italian, German and Irish Catholic and Protestant, each happy in working out his individual need. Tears arose to the eyes of the old man. 'They,' he said, pointing through the open door to the children at their work, 'they will never have the struggle I have been through, for you are starting them right.'

In Cincinnati, Kindergartens are established in all parts of the city, supported by churches, individuals and different organizations. The Deaconess' Home supports two. I had a most enthusiastic letter from Miss Lottie M. Smett, one of the directors. Her letter is too long to give in full. She says in part: "The Kindergarten is counted as one of the most important departments of our Deaconess' work. It not only gives opportunity for the development of the child physically and mentally, but also spiritually and affords many sweet and effective ways of sowing the seeds of divine truth in the hearts of little children. CURED OF PILES AFTER 40 YEARS.

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. De Witt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name, Dr. Witt, on the package—all others are cheap, worthless counterfeits. Sold by J. W. Gayle.

THE INAUGURATION.

Tuesday last, the day for the inauguration, opened cool and raw, with a southeast wind blowing.

There was a crowd of about 10,000 people, including citizens of this city, present. There were parts of two regiments of militia and the Louisville artillery companies, a company of cadets from the Millersburg military school, and the cadets from the Kentucky Military Institute. The whole military force amounting to about 800 men in line.

The procession was formed on time, headed by a picked force of the Frankfort and Louisville police, numbering about 200 men (who marched like veterans), with accompanying bands. These were followed by the military force, in command of Col. Roger D. Williams, 2d Regiment, and the usual complement of staff officers. A long line of carriages filled with politicians, and some with ladies and children, followed the Governor's carriage, in which were the Governor, Mayor Darnell, Mayor C. F. Grainger, and Mr. S. W. Hager, the rear brought up by the Bailey's Mill and Bald Knob Clubs.

There was a delegation of Louisville club men of about 200 in line, supplemented by marchers from other points.

The Frankfort Fire Department, Chief Taylor, of this city and Chief Tyson, of Louisville, and a delegation of the Louisville firemen, presented a fine appearance.

The procession was about a mile, and a half in length and proceeded down Main street to St. Clair, down St. Clair and over the South Frankfort Bridge to Second street and Conway; out Conway to Third, up Third to Main; down Main to Second; north on Second to Bridge street; to Wapping; west on Wapping to Washington; north on Washington to Broadway; east on Broadway to Capitol grounds.

Reaching the Capitol grounds, Mayor Darnell delivered a short address of welcome. The Governor's inaugural occupied some twenty minutes in delivery. The oath of office was administered by Chief Justice Burnam, after which the crowd dissolved. The city was bountifully and beautifully decorated with flags, bunting and streamers. An arch over the stand in the State house yard and a band of flags across the front of the Capitol building were decorated with different colored electric lights, and when lighted at night, presented a beautiful and attractive scene.

Owing to the care and watchfulness of the police and detectives the schemes of thieves and pickpockets seem generally to have been thwarted and but little, if any, loss was sustained.

The affair was generally well managed and the chief marshals and his corps of assistants had the procession well in hand, and kept things going with but little, if any friction, and was altogether creditable.

25TH ANNIVERSARY AT THE CHRISTIAN CHURCH.

It was a great day, Sunday last. Rev. George Darsie preached his usual anniversary sermon to a large congregation. In it he gave many interesting facts concerning his Church, among them that the past year it gave over \$2,200 for missions. It supports a foreign missionary, two home missionaries and a State missionary, besides its own regular preacher. It has a Church Extension fund of over \$5,000, which has built 34 new churches the past ten years, and will in the future build five new churches every year.

At the close of the anniversary sermon there were seven additions to the Church, six of them by confession, three young men and three young women. That night a crowded congregation witnessed the Boys and Girls Rally Day exercises given by the school in the interest of home missions, and went away delighted. The program was very attractive. It was a great day.

ELKS' LODGE OF SORROW.

There was a large attendance upon the Elks' Lodge of Sorrow, at the Opera House, on Sunday afternoon last, at 3:30 o'clock.

Dean Baker P. Lee, of Lexington, delivered the address, which was a fine piece of oratory.

Beautiful and appropriate music was rendered by the Frankfort Orchestra, Miss Willanna Smith, Miss Harriett McClure, Mr. J. M. Van Derveer and Mr. R. K. McClure, Jr.

A TIMELY SUGGESTION.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all druggists.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissue. Dr. Armstrong of Delia, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. W. Gayle.

INAUGURATION BALL.

The inauguration ball was one of the most brilliant and successful ever held in this city. It was largely attended, inasmuch that the big dining room of the Capital Hotel had to be used for the overflow crowd of the celebrated hall room, and both rooms were filled with pretty women beautifully gowned and handsome men. All went merrily as marriage bells.

FINE KENTUCKY GENTLEMAN DIES.

On Tuesday night last Capt. Henry S. Halley, of Payne's Depot, died at his home, aged 63 years, after a long illness.

Capt. Halley was a brave, earnest and honest Kentucky gentleman, who was honored by all who knew him. He served in the 9th Ky. Cavalry, C. S. A., Col. W. C. P. Breckinridge, commanding.

After the close of the war he married Miss Alice Bell, a schoolmate of the writer, and daughter of the late Mr. Frank Bell, of White Sulphur. He leaves a devoted wife and four children to mourn an indulgent and tender-hearted father, and a Christian gentleman.

The funeral took place from his late home on Thursday morning at 11 o'clock, and the remains were placed in the family lot in the Lexington Cemetery.

He sleeps well after the warfare of life. Farewell, old friend. We shall meet again "beyond the shadow and the shining."

NOTED HORSEMAN TO WED.

By the Woodford Sun of last week we learn that one of the most noted horsemen of that county, Mr. Russell Bailey, is soon to become a bachelor. Our friend had been in the career so long and had so many times been captured by Little Dan Capill, that we had almost despaired of his ever changing his estate. But the flat has at last gone forth, and from and after December 24, he will "trot in double harness" the rest of his days on this terrestrial ball.

The lucky girl is said to be a beautiful Missouri lady, who lives at the great college town of Columbia, in that State. It is from this noted little city that Hon. D. L. Thornton, a fellow countryman and relative of Mr. Bailey (who was likewise a long time in choosing a bride), went to win his charming and accomplished wife.

The lady of Mr. Bailey's choice is Miss Elizabeth Walker. The wedding is to occur at the home of the bride's uncle, Mr. Humphrey Walker, near Columbia. She is said to be a highly accomplished and lovely girl, who is greatly beloved by all who know her.

Mr. Bailey is one of the biggest hearted and jolliest of Kentucky gentlemen, and has long dispensed true Kentucky hospitality at the old Bailey homestead, at Buck Run. He is a handsome and chivalrous gentleman, in the prime of a sturdy manhood. It is said that the only reason he has never married before is that there were so many lovely girls in Woodford county that he could not help loving all of them some, and that the strain upon that member was so great that, when he attempted to make a choice, he just could not decide which he cared the most for.

Until some other good fellow had carried her off. In sheer desperation he at last went to the Bluegrass section of Missouri and there met his fate, in the person of the lovely young girl who is so soon to preside over his handsome home.

We have known Mr. Bailey well for a good many years and we desire to testify to his many manly qualities that endeared him to his friends, and tender our heartiest congratulations upon his at last "doubling his joys, as well as some other things."

Down in Texas at Yoakum, is a big dry goods firm of which Mr. J. M. Hall is the head. Mr. Hall, on one of his trips East to buy goods said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the "dark brown" taste, head-ache and that loxey feeling DeWitt's Little Early Risers are the best pills to use. Sold by J. W. Gayle.

STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctors all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c, and \$1.00.

WORTH OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowels trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by all druggists."

THE WEARY WAY.

Daily Becoming Less Wearisome to Many in Frankfort.

With a back that aches all day. With rest disturbed at night. Annoying urinary disorders. 'Tis a weary way, indeed.

Do not let kidney pills drive weariness away.

Are endorsed by Frankfort citizens.

Mrs. Kate Newkirk, widow, of 113 Logan St., says: "It was sometimes very hard for me to perform my daily work on account of weakness, I protest about and the aching I endured when stopping or reaching forward for any object, the irregular action of the kidneys and the sensation of scalding which accompanied the secretions, caused other symptoms which were very annoying and distressing. I doctored a great deal besides employing various remedies said to be good for kidney trouble, but I received only slight relief, if any. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets, which appeared in our newspapers, impressed me with their value, so concluding to try them, I procured a box at J. W. Gayle's drug store. Their effect certainly surprised me, and I followed up the treatment with a second box. Doan's Kidney Pills did more for me than I could have expected. I certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no other.

HOW TO PREVENT CROUP.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by all druggists.

social purity, honesty, and all other divine and beautiful characteristics which a city needs to establish within her gates, the reign of civic righteousness.

The National Cash Register Co., of Dayton, O., considered the Kindergarten of so much importance that they supported one for the benefit of their employees' children until the Public School took up the work.

The Proctor and Gamble Co., Cincinnati, O., said some years ago that in after years ONLY those who had been given Kindergarten training would be employed by them. They support Kindergartens for their employees' children.

The Cleveland, O., Public School considers this branch of their work the most important.

If I had space I could give you letters from those who are not Kindergartners—but who deem this phase of education too important to neglect. Mill owners and manufacturers have written letters endorsing the work most heartily.

The Pelzer Manufacturing Co., Greenville, S. C.; Pacolet Manufacturing Co., Spartanburg, S. C.; and the Richland Cotton Mills, Columbia, S. C., all support one or more Kindergartens for the children of their employees.

"There is nothing so expensive as child neglect and nothing so economical as child-saving."

"The more Kindergartners the fewer prisons," said Jacob Rees after a thorough investigation of the needs of a city.

For the past few years some good women have endeavored to establish a Kindergarten in that district of our city where it is most needed. Considering the limited sum at their command, with which to procure materials, etc., and the trying circumstances of teaching in an uncomfortable room used by others as an assembly hall, they were more than successful.

The great need is a suitable room. The only available one was neither comfortable nor clean, as it was used for an assembly hall at night, and the entrance was reached by an outside stairway, that is by no means safe for little children. In the winter, with the snow and sleet, it becomes an impossibility for children, already too numb with the cold to be sure footed, to climb the steps. A most pitiful case was that of a little lame girl. She delighted in the Kindergarten. Every morning this "little woman" could be seen coming up the street, all too thinly clad, walking with the aid of a crutch and holding the hand of her brother of four. Think of these children climbing those stairs in the bitter cold weather! Counted in the neighborhood of one hundred children in that vicinity who ought to be in a Kindergarten, bright, rosy-cheeked children who have so much determination within them, that as men and women they will be a power for good or a great power for evil. Now is the time to start them right. If the next generation is to be purer and nobler it is that these children we have seen to it that these children are given the proper training.

What are you going to do? Will the Board of Education and our Mayor use their influence to continue this good work?

Will some merchant, doctor, lawyer, or any business man try kindergarten as a means of advertisement? It will pay. It has paid others for a year.

The kindergarten in San Francisco have done much for law and order. A record was kept for eighteen years of nine thousand children who attended the kindergartens, and during all that time only one and ever been in the police courts. Many of these children were street

urchins, "who were just growing up—like Topsy."

This instance alone seems to me to be proof positive that kindergartens pay.

How long will it be before a kindergarten, in its own room, is established?

To-day children are calling to you for their just dues.

Let me close with a quotation from a prominent educator: "We should bear in mind that every movement that makes children happier, wiser and better is good for the city, State and Nation. The city itself, as elsewhere, should be in the forefront of this beneficent movement and it should not depend upon private donations. But, until the city does this, every public-spirited citizen should contribute to its success."

Sincerely, "A. H."

When you don't feel right—are not yourself—but don't know what is the matter, try taking Walther's Peptonized Pot.

It is just a good common sense tonic that works in a natural way. It is simply a combination of pure pepsin—nature's own digestive agent—with that fine, old tonic—good part wine.

If it doesn't do the work you need a doctor.

If you are in need of a doctor it will do the work.

Do not experiment with patent nostrums of mysterious make-up, which you would not know if you knew their composition.

DOING THE RIGHT THING.

The trouble begins with a tickling in the throat and a nagging little cough. Soreness in the chest follows and the patient wonders if he is going to have an all winter cold. Probably, if he does the wrong thing or nothing. Certainly not if he uses Perry Davis' Pain-Killer, the stomach old remedy that cures a cold in twenty-four hours. There is but one Pain-Killer, Perry Davis'.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H.
